Where possible, please select at least **three different times** per subject. Please indicate your session preference by numbering choices (where 1 represents your first preference). **PLEASE DO NOT SELECT A TIME** that you **cannot** attend as refunds will not be issued if you are allocated any of your selected times. Students who have only nominated 1 preference per subject run the risk of missing out on a position in this course. Once a particular time slot has booked out, students who have only nominated the booked out time slots will be required to select from the remaining available class times. It is therefore in each student's best interests to provide as many preferences as possible. **Please Note:** Students who have a preference for a particular teacher are strongly advised to select as many different session times as possible. The more session times selected across different days, the better each student's chance of being allocated their preferred teacher(s).
