# TSFX Master Classes. The Smartest Way to Learn.

---

Our Master Classes are specialised tuition classes designed to help students reach their **full potential**, be that a **two-grade improvement** or the elite **A and A+** scores.

This program builds on the teaching that takes place in schools, giving students the opportunity to revise, reinforce and extend on key skills/concepts, and to develop strong problem-solving and exam techniques.

Students attend the Master Classes on a weekly basis (across 10 weeks in each semester), in addition to their regular classes at school. Classes are held outside of school hours, both after school and on weekends.

**Unit 1 and Unit 3 Classes commence in March of each year.**

**Unit 2 and Unit 4 Classes commence in July of each year.**

**TSFX Master Classes.**

*The ultimate learning experience & the most in-depth preparation for your SACs & exams.*

# Out-Rank Your State-Wide Peers.

---

When you attend our Master Classes, you will:

- Revise and **extend** on the work covered at school to VCAA exam standard.
- **Master concepts** that students find **difficult** and that have been **poorly** answered in past exams.
- Learn techniques that will help you to **confidently answer** the different types of questions that appear in the exams.
- Work through **a huge collection** of questions that are likely to appear in SACs and exams.
- Systematically prepare for the challenging **analysis-style** questions and learn how to dissect and interpret complex exam questions.
- Master the **tricks and traps** that could appear in the exams.
- Learn how to set out answers in line with the **marking schemes** used in the VCE exams.
- Regularly revise important concepts so you don't need to **waste valuable time** re-learning topics before your exams.

*My students often say that there was at least 20 marks worth of questions on the exam that they can thank TSFX for and they feel they have a real edge on SACs.*

# The Numbers Don't Lie.

---

If you're determined to get the best possible results, our Master Classes won't disappoint!

Year after year, students attending our Master Classes achieve **amazing results**.

As an example, **95%** of our 2018 students achieved an ATAR of **85 or above**, even though most had previously received average or below average marks!

Year	Average ATAR	Median ATAR
2018	93.23	95.80
2017	94.43	95.75
2016	93.29	95.00
2015	93.56	96.85
2014	93.90	94.80
2013	93.56	94.85
2012	95.40	96.10
2011	95.60	96.96
2010	95.22	96.90

## Learn from the Best.

---

To ensure you receive **every possible advantage** in the VCE, our Master Classes are prepared and delivered by hand-picked, qualified, experienced VCE teachers from top ranking schools. Our teachers include authors of VCE textbooks, writers and **markers of your VCAA** exams, as well as **leading experts** in their subject fields.

The Master Classes cover every aspect of a subject's study design and are conducted in a relaxed and friendly atmosphere – conditions that are vital to **maximise learning**.

Our teachers are highly dedicated, supportive and understanding; additional reasons why our students perform so well.

# The Elephant in the Room.

---

*Who is the better choice when it comes to teaching: A qualified, experienced VCE teacher or a recent VCE graduate?*

A high ATAR or study score doesn't **equip** a recent VCE graduate with the skills, knowledge and experience that's required to prepare students for their final exams. Many students receive full marks for their exam responses, but they don't know how and where marks were awarded, which terms or statements had to be included, and alternate answers that would also receive full marks. This information is usually restricted to VCAA exam assessors – the teachers who mark the VCE exams. VCAA exam assessors also have access to important information that many teachers aren't even aware of, and which can make a **huge difference** to your VCE marks.

Not only do the teachers presenting our Master Classes have years of experience teaching the VCE in **top performing schools**, they also have **significant experience** in exam marking and/or writing and are always up to date with the changes in exam trends and marking schemes. They're also trained to teach **different types of learners** – a skill that rarely evolves without the right type of instruction and experience.

**Note:** The majority of VCE graduates who present VCE lectures and tuition classes **have not** received formal instruction in most of the topics they're teaching. These students graduated before many VCE subjects underwent significant changes to their Study Design and are self-taught, using limited information that **does not cover** the scope required for the higher VCE marks.

## Recorded Classes.

As we **record our classes** you won't ever fall behind if you miss a week. You can also watch a class as many times as it takes for you to feel confident with what was covered. And when it comes to the exams, our recorded classes offer a **powerful way** of revising for these important assessments.

And for those students who prefer face-to-face instruction, if you find a topic difficult or would like to prepare for a SAC in a **fast and effective** way, you can attend multiple classes in a subject across a single week, at no additional charge.

# One-On-One Tuition as You Need It.

---

*Need help with homework?*

*Need clarification with what was covered in class?*

*Are you looking to bridge gaps in knowledge or are you looking for a different perspective?*

Whatever the reason, our tutors are available before and after class to give you the **one-one-one** attention you need. Delivered by the **best recent graduates of the VCE**, our tutors know first-hand what you're going through, and are keen to help you reach your full potential in the VCE.

# Unparalleled A+ Course Notes.

---

You'll receive detailed and comprehensive **A+ notes** that include every key concept that could be examined, clear and concise explanations, fully worked examples with step-by-step instructions, and a large collection of potential exam questions – saving you **countless hours** in study time.

**Note:** No other VCE program provider comes **close to matching** the quality and depth of materials that are given to students who attend **TSFX** programs! As an example, students attending our Unit 3 Maths Methods Classes receive over 700 pages of notes and 700 exam-style questions!

# Study Skills and Exam Strategies.

---

To help you obtain the **highest possible marks** in your SACs and exams you'll receive regular study skills and exam strategy advice that is backed by evidence-based research.

You will learn how to avoid the **costly mistakes** made by past VCE students, how to manage and

avoid stress, and discover the most powerful, effective and time-saving learning and exam preparation techniques that will not only greatly improve marks – but also boost confidence, reduce procrastination and motivate you to excel in the VCE.

*Many of the questions in  
the Master Class notes  
appeared in the actual  
VCE exams!*

# All the Tools you Need to Ace the VCE.

---

When you attend our Master Classes, you'll also:

- Receive a **huge collection** of exam papers and worked solutions to practise as you complete each topic at school (not available for English).
- Sit a trial exam under exam conditions. You will then listen to experienced VCAA markers work through each question, reviewing critical theory and highlighting VCAA marking schemes.
- Obtain complimentary access to our **exclusive student forums** where you can get assistance with SACs and coursework materials.
- Receive access to the resources available on our **unique and exclusive** online system. Thousands of pages of notes, tests, worksheets, pracs, sample A+ essays and projects – everything you need to score the highest possible marks.
- **Get FREE entry** into a variety of classes and lectures that are designed to enhance SAC and exam marks.

# No Compromises.

---

- Our course materials are improved and extended upon on a yearly basis so you receive the best possible notes and instruction that reflect the **annual changes** in exam marking and question trends.
- Our course materials are prepared and updated by qualified, experienced VCE teachers – not students.
- Our teachers aren't just employed on the basis of their academic and professional merits, but also because of their **exceptional communication skills**. The ultimate selection process is student feedback – we only work with those teachers who have surpassed the expectations of the students attending our courses.
- To give you the best chance to maximise exam marks, we **WILL NOT** skip important concepts or race through course materials just so we can complete the program within the advertised time. If more time is required to work through each Area of Study to exam standard, additional classes will be scheduled **free of charge**.

*The program delivered everything that was promised and much, much more. Thank you TSFX for giving me an invaluable advantage over my peers.*

# Venue. Dates. Times. Fees.

---

## Venue:

TSFX Master Classes are held at The University of Melbourne (Parkville Campus).

## Dates:

Unit 1 and Unit 3 Classes commence in March of each year.  
Unit 2 and Unit 4 Classes commence in July of each year.

Students attend the Master Classes on a weekly basis (across 10 weeks) in each semester.

## Times:

Weekdays: 5pm to 8pm

Weekends: 9am to 12 noon, 1pm to 4pm

## Fees:

We have a number of packages and payment options available.

**Please visit [www.tsfx.com.au/mc](http://www.tsfx.com.au/mc) or contact our office on (03) 9663 3311 for further details regarding timetables, dates and fees.**

# Structured in Your Best Interests.

---

To help save you time, we've extended each weekly session to 3 hours, which has decreased the program length to 10 weeks.

You'll now spend less time travelling and have more opportunities for homework or leisure activities!

In addition, we'll have a greater chance of keeping up with the school curriculum, giving you that added advantage in your SACs and other school-based assessments.

*It was 3 hours of revision in which I was able to go over content that would have taken me an entire day to complete on my own. I was blown away with the amount of notes and practice questions provided.*

# Testimonials.

---

“If you're like me and you just couldn't force yourself to revise for exams when they were months away, do something like the Master Classes at TSFX. Otherwise, you'll be drowning in work at the end of the year and this will affect your ATAR.

Student – Penleigh and Essendon Grammar

“TSFX really enhances your learning of a subject and helped me achieve the difference between an A and an A+. The teachers are great!

Student – Mac.Robertson Girls' High School

“TSFX has transformed my dreams into realities.

Student – Minaret College

“I used to be a B grade student – I just needed a little more encouragement and motivation to be better, to achieve A-grade results – and thanks to TSFX I have!

Student – Kilbreda College

“The teachers are highly commendable and I definitely would not have been able to achieve my ATAR of 96.10 without TSFX.

Student – Avila College

“The Master Classes really put me at a strong advantage over the other students in the state due to their great materials and enthusiastic teachers.
