**Venue:** University of Technology, Sydney

**Date:** Sunday 18 November 2018

The School For Excellence  
PO Box r1407, Royal Exchange  
Sydney, NSW, 1225

# Mastering the HSC

Each year, countless “average” and “below average” students receive **higher ATARs** than their more academically gifted peers. Analysis of these students’ study habits has revealed that they are applying key systems and strategies that are **not known** or **not being used** by other HSC students.

**Mastering the HSC** is a fundraising event designed to raise much needed funds for The Fred Hollows Foundation, and to provide students with the skills and information they need to **maximise HSC marks**.

When you attend “**Mastering the HSC**” you will:

- Receive **exclusive advice** from one of Australia’s leading study skills specialists.
- Learn how average students obtain **90+ ATAR** scores and how you can use the same systems and strategies to reach your full potential in Year 11 and/or Year 12.
- Discover the **biggest mistakes** made by past HSC students and how to avoid these.
- Get ahead and **maximise marks** in your English Advanced assessments.
- Learn what to expect next year, the challenges to watch out for and how to prepare for and conquer them.
- Hear what teachers and **official HSC exam markers** expect from students striving for the higher subject marks.
- Discover strategies that can be implemented now, so you can reduce stress levels and study loads next year.

## Maximising Advanced English Marks

**Date & Time:** 9am - 12:30pm, Sunday 18 November 2018

NESA course changes often create uncertainty for students and teachers alike, and the new HSC English Advanced course is no exception.

- What is the new NESA focus?
- How do I prepare for an exam in the new format?
- Can I fall back on the old way of writing a short story and essay?

“**Maximising Advanced English Marks**” is designed to provide students with the skills and information required to compete and succeed in the new English Advanced HSC.

You will learn how to **skilfully** shape your ideas and arguments and show **sophistication and flair** in your writing. You will also discover how to write responses that clearly **stand out** above other students’ papers – which is a challenging task when you consider that each response is marked by multiple assessors, and that over **70,000** students sit an English examination each year! Various essay scaffolds and approaches will be discussed and critiqued for their effectiveness, simplifying the complex and bewildering task of composing an English essay. By incorporating practical steps, exercises and detailed examples, this lecture will **boost students’ confidence in English** and will greatly improve your HSC marks!

The goalposts for writing essays and creative pieces have shifted enormously. Now is the time to embrace the challenges of the new HSC!

“Very helpful, especially the extra tips that you won’t learn in class.”

## Admission Fee:

Valued at over \$250\*, **Mastering the HSC** is **FREE** when you make a minimum \$10 donation to The Fred Hollows Foundation on the day of the lectures.

**100% of the net proceeds collected will be donated to The Fred Hollows Foundation. To date, TSFX fundraising programs have raised over \$377,000 – every cent of which has been donated to charity.**

## Enrolments

Enrol online at [www.tsfx.com.au/mhsc](http://www.tsfx.com.au/mhsc)

## Advanced Study Skills Program

**Date & Time:** 1:30pm - 5pm, Sunday 18 November 2018

The HSC is a great source of stress for most students, but it doesn't need to be this way! With the right advice and a solid study plan, students can greatly reduce stress, cut down on how much time they spend studying and markedly improve HSC marks.

During our “**Advanced Study Skills Program**” you will receive **exclusive advice** and instruction in the following key topics:

- **The reasons why** so many students do not obtain the results they are capable of and how to ensure that this does not happen to you.
- **Key strategies** used by past students to excel in the HSC.
- The most **effective** and **time-saving** learning techniques.
- Keeping learned materials in memory for **longer** periods.
- **Getting the most** from your classes at school.
- **Higher level** time management skills.
- Maximising **focus** and **concentration**.
- **Minimising stress levels** and study loads across the year.
- The **biggest mistakes** students make when preparing for the exams.

This lecture is being delivered by one of Australia’s **leading learning specialists** and is highly recommended for any student wanting to maximise their HSC marks.

**Note:** Many of the skills and techniques that will be addressed **have been proven** to cut down on study time and markedly improve HSC marks, but are not known (or practised) by the majority of students. **Detailed notes** will be provided to students on the day.

**BOOKINGS ARE ESSENTIAL – DON'T MISS OUT!**
